SUMMARY

Software Engineering graduate with hands-on experience in front-end development, Flutter mobile development, UI/UX design, and backend API integration. Skilled in building responsive user interfaces, implementing designs from Figma, working with APIs, and developing clean, user-friendly digital products. Passionate about continuous learning, problem solving, and creating practical software solutions.

EDUCATION

- Bachelor of **Software Engineering** , Jordan University of Science & Technology.
- Expected Graduation: [**July , 2026**].
- GPA: [**Very Good**].

PROJECTS & PRACTICAL EXPERIENCE

Software Engineering Trainee

Irbid District Electricity Company — Irbid, Jordan

Completed training in the Software Department, focusing on Flutter and Dart mobile application development. Gained hands-on experience in UI implementation, frontend workflows, and understanding software project structure in a professional environment.

Yalla Rewards — Flutter Mobile App (UI/UX + Front-End)

A mall loyalty mobile app for browsing stores, offers, points, rewards, and coupons.

- - Designed UI screens and user flow using Figma.
- - Built Flutter screens, navigation, and reusable components.
- - Integrated backend APIs using Dio and HTTP.
- [GitHub](#) | [Figma](#).

Mira Portfolio — React Front-End Website

A responsive personal portfolio website to showcase my skills, experience, education, and projects.

- Built using React.js, HTML, CSS, and JavaScript.
- Designed responsive layouts using Flexbox and CSS Grid.
- Added animations, contact links, and project sections.
- [GitHub](#) | [Portfolio](#)

SKILLS

- **Front-End / Web Development:**

HTML, CSS, JavaScript, React.js, Bootstrap, Flexbox, CSS Grid, Responsive Design.

- **Mobile Development:**

Flutter, Dart, UI Implementation from Figma, Navigation & Routing, State Management (set State / Provider), API Integration (Dio, HTTP).

- **UI/UX & Design:**

Figma, UI Design, Components, Auto Layout, Wireframing, Prototyping, Design Systems, Basic UX Principles.

- **Programming & Tools:**

Java, C#, VS Code, Android Studio, Flutter DevTools, Canva.

- **Software Design:**

OOP, SOLID Principles, Design Patterns, Logical Thinking, Algorithmic Problem Solving.

- **Soft Skills:**

Teamwork & Communication, Fast Learner, Attention to Detail, Time Management
Problem Solving, Working Under Pressure.

LANGUAGES

- **Arabic** : Native .
- **English** : Fluent .
